APRIL 19 - WEEK 1 RECAP

We are amazed at what God did night 1 of Super Series! The whole service was focused on the theme of being “anxious about nothing” by experiencing God’s peace. Hundreds of students were impacted by God’s presence & his love!

When the call for salvation was given, the altar was full of students responding. 92 girls & 60 boys came forward! 61 of those students filled out a form telling us they received salvation, and heaven only knows how many more made a real faith decision to follow Jesus.

We are praising God for all He did! Please take a moment to read a few of the stories of what God did in the lives of individual students.

Jenna & Natalie
8th Grade - Trinity Middle School

Jenna (left) has been praying for Natalie (right) since the last super series. Tonight was her first time to Elevate, and she said yes to Jesus!

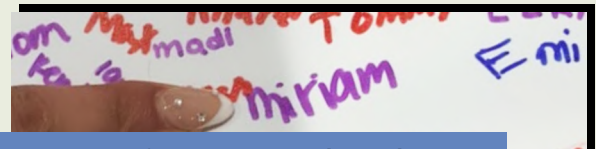

Jenna said she was so excited when Natalie agreed to come and “was jumping inside” when she came down for the salvation moment. She said she wants others to know God and walk with Him. She got the word “discipleship” from the Lord at BOTS and didn’t really get what that meant. She looked it up and found out it’s about walking with others as they walk with Jesus. She was baptized last month and is on fire. She shared the Bible reading plan with Natalie right there at the end of our time.

Miriam & Lilly
11th Grade - Argyle High School

Miriam (left) grew up Catholic. Her best friend, Lilly (right), had been praying for her and even wrote her name down on a “Prayer Chair” going into Super Series.

The girl’s parents finally let her come to Elevate and she gave her life to Christ tonight! She couldn’t stop crying. She felt His love for her tonight like she hadn’t experienced before.

Gianna Holladay
9th Grade - Fossil Ridge High School

In Gianna’s own words: “I’ve been going to Milestone for about a year now, but hadn’t given my life to Jesus. This week I brought 5 friends with me and they all took a step in faith and gave their lives to Jesus! This made me want to get saved too. I’ve been feeling like there’s a hole in my heart and I know the only way is through Jesus. I want to be all in and give my full commitment to God with no distractions!”

Joseph
9th Grade - Keller High School

Joseph’s friends brought him to Super Series in the Fall of 2022, believing that he would be saved. He wasn’t, but they kept praying. They brought him again to this Super Series, asking God to save him. Joseph said that he has known for a while that he needs to repent and turn to God. He knew he needed to change and he gave his life to Jesus! His friends gathered around him, and with tears in their eyes, prayed with him to get saved!
